1. The following is an Examiner's Statement of Reasons for Allowance:

After the interview of 4-27-99, with Bob Abrahamsen, the Examiner initially requested that a response by Applicant follow commenting on the issues discussed. However, the Examiner carefully reviewed the Merrill (5,239,440) reference and agreed with Mr. Abrahamsen's interpretation of the transistors and conductivity types found in Figure five. In an effort to expedite prosecution, the Examiner followed-up by conducting a search, resulting in the allowance of the application at this time. The attached Form PTO-892 citing the following references: English et al. (5,745,323), Statz et al. (5,825,601) and Singer (5,838,146) was merely to illustrate related art.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Ronald W. Leja whose telephone number is (703)308-2008.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703)308-1782. The Group FAX numbers are (703)305-3431 or (703)305-3432.
